

The deposits listed on the inside of this card are accepted by the Troop Officials to be held by the Troop in a local depository on behalf of the Scout until such time as all or part of it is returned to him at his signed request, or is paid at his signed request for camp board fee and transportation to one of the Chicago Council summer camps. Care will be used by the Troop Officials in the selection of the depository, but the Troop Officials assume no responsibility for the sums due to failure of depository selected.

This card is furnished by the Camping Service of the Chicago Council, Boy Scouts of America, 9 West Washington St., only as a service to the Troop for use in the operation of its own Troop Camp Savings Fund. Additional copies can be secured at the Council Office.

It is suggested that at least two members of the Troop Committee be appointed custodians of the fund.
